

## **FIAMM Technologies, LLC.**

### **THREE-YEAR LIMITED PRODUCT WARRANTY**

**Highlite Range (FLX Series) Batteries:** All [Highlite VRLA Range \(FLX Series\)](#) batteries are warranted to be free from defects in material and workmanship and manufactured in accordance with our printed specifications. Should a claim arise, the following is our limited product warranty policy.

## **Fiamm FLX High Rate Series for UPS Applications (VRLA Design)**

**3 Year Full replacement**

### **[HIGHLITE VRLA RANGE \(FLX Series\)](#)**

Warranty period starts from the date shown on the date code of the battery.

If upon initial inspection and installation the battery fails to meet the published performance ratings per the latest catalog data at the time of shipment, or the user identifies flaws in material or workmanship that would impair life or product performance, the user will be instructed to:

1. Upon written approval, return the product for examination freight prepaid.
2. Hold the materials on site pending inspection by a FIAMM Technologies, LLC representative.

Upon satisfactory proof of claim, as determined solely by FIAMM, manufacturer will repair or replace at our option any defective battery.

Warranty of a battery is defined as its failure to reach at least 80% of its rated capacity. If a properly maintained battery fails to meet 80% of its rated capacity, FIAMM will replace the battery.

Cost for replacement of equipment, installation, material freight charges and travel expenses of FIAMM representatives will be the responsibility of the purchaser.

#### **Conditions:**

1. Warranty claims for full replacement must be made three (3) months from the date of failure.
2. This warranty applies only to the original purchaser of the equipment and is non-transferable.
3. This warranty does not cover any physical damage due to nature or man, which stresses the battery beyond design limits, and is void if manufacturing date codes are destroyed.
4. Each battery must be the proper size, design and capacity for its intended application at 25°C (77°F).
5. The Warranty period shall be adjusted based on operating temperatures, frequency and depth of discharge. For every 8°C (17° F) increase in operating temperature above 25°C (77° F), the warranty period will be reduced 50%.
6. This Limited Warranty is rendered void if the battery becomes unserviceable due to fire, wreckage, freezing, neglect, abuse, or any act of God
7. Each battery must be operated and maintained in accordance with the published instructions. This warranty is invalid if the battery is subject to misuse, abuse, physical damage, or the use of battery additions.

FIAMM Technologies, Inc shall not be liable for, and user shall indemnify and save FIAMM Technologies, Inc harmless from any claims and liabilities arising out of the use, maintenance, transportation, or installation of any equipment warranted hereunder. The foregoing limited warranty is in lieu of all warranties expressed or implied, including any warranty of merchantability or fitness for a particular purpose. FIAMM Technologies, Inc shall not have any liability for any special, incidental, indirect or consequential damages.
